Calculated Futures Theology Ethics And Economics: Long ...

Calculated Futures examines the ethical and theological underpinnings of the free-market economy, investigating not only the morality of corporations and exchange rates, but also how the politics of economics shape people as moral agents.

Calculated Futures: Theology, Ethics, and Economics by D ...

Calculated Futures examines the ethical and theological underpinnings of the free-market economy, investigating not only the morality of corporations and exchange rates, but also how the politics of economics shape people as moral agents. It does this less by insisting on the unfavorable effects of capitalism, and more by drawing on theological virtues, Christian doctrines, and liturgical practices to discover what they might show us about economic exchanges.

Calculated Futures: Theology, Ethics, and Economics: D ...

The authors of Calculated Futures acknowledge their inability to resolve many of the issues they raise. But scholastic theology and neoscholastic economics offer the promise that economists and theologians can re-learn what both once understood well. John D. Mueller Ethics and Public Policy Center, Washington, D.C.

their book, Calculated Futures, is an ambitious attempt at interdisciplinary dialogue. Given their differing faith traditions, one would expect the book to include interreligious dialogue, and Calculating Futures includes this, but not between Jewish and Christian perspectives, but between Long's and Fox's view of economics as a theology of sorts. Dr.

Calculated Futures: Theology, Ethics, and Economics

In Calculated Futures, a collection of eight essays on the intersection of theology and economics, economist Nancy Fox writes, "Both theologians and neoclassical economists appear to agree that the market is the best way for an economic system to achieve efficiency." She adds, "Possibly the most significant source of conflict is the sheer ignorance of one discipline of the other" (43).

BA (Hons) Theology, Philosophy & Ethics - BGU

Moral theology/Christian ethics is that branch of theological inquiry that studies in a systematic way the practical implications of God's revelatory intervention in Jesus Christ. It is concerned with the kind of people we ought to be and the kinds of actions we ought to perform or avoid. In pursuing its task, moral theology must draw upon ...
