Gareth Morgan's landmark book makes the case that there is some profound and productive business sense in the current chaos and shows how ideas about management, roles, responsibilities, and work itself need to change in many different ways if we are to take full advantage of the unique opportunities that evolving markets and organizations present.

From Berrett Koehler Publishers: Imaginization

1. How might Morgan's re-design using the spider plant metaphor relate to how decisions are made, sources and nature of conflict, and the flow of communication relate within the Government sector? I need about 350 words to explain this question. Thank you in advance. Source: Imaginization by Gareth Morgan 1997,1993.
