Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

As a successful graduate of nurse  
anesthesia school, I will provide some  
insight into what it takes to go from a  
student to a CRNA. Some of these things  
I learned while I was in school, while  
others I picked up on after I started  
working as a nurse anesthetist. It was  
not an easy road for me, and it won't be  
for you either.
