Yamaha Boats - The Worldwide Leader in Jet Boats

We're running jet ski engines in our Yamaha boats so that is a reasonable comparison. I look at it this way. 1,000 hours at wide open throttle, say 45mph, is about 45,000 miles. That is way less than you'd expect a car engine to last. Boat engines at WOT are rarely running at max rpm because the manufacturers design them so they are protected ...

Yamaha Jet Boaters • View topic - Life expectancy of ...

As far as new jet boats are concerned, jet boats can vary from \$30,000 to \$200,000 depending on the make of the boat, the engine specifics, and the various standard or options. The price of new jet boats available online is limited to 2019 and 2020 boats which—unfortunately for our use—no one has been reselling just yet.

Yamaha twin engine jet boat seatrial 2006 Sr 210 - YouTube

Around the docks, twin engines gave the ability to spin the boat by setting one engine in forward and one in reverse. Plenty of attention was given to comfort and convenience, too. The SX210 seats nine comfortably — a result of widening the cockpit and bow area. We had six onboard during a ride to lunch, and three more would have fit easily.
